- Any prescription drugs
- Hand sanitizer
- Insect repellent (mosquitoes)
- Adaptor for electrical appliances (The electrical current in India is 220 volts, 50 cycles AC, wall outlets take plugs with two round prongs) add photo

Please note:

- If you are visiting temples and crowded tourist areas, miniskirts, short shorts & tank tops are not recommended.
- Foot wear is not allowed into sacred spaces like temples and some monuments such as Taj Mahal. We suggest that you wear sandals that can be removed with ease and carry a pair of thin socks that you can use.
- Please note that domestic airlines in India allow luggage of 15kgs + a hand bag of 7kgs per person. Please plan your luggage accordingly.
- Suggest that you download WhatsApp in your mobile phone.
- ATMs are located in very crowded areas and sometimes do not work. Please let the guide know well in advance if you need to use an ATM to withdraw money since it takes a lot of time away from the tour.

Most hotels that we are staying will have a hair dryer.
